WhyTry Program Accessibility Statement

The WhyTry Program is committed to ensuring accessibility for all educators and students who use our digital curriculum, training materials, and online resources. We continually work to improve accessibility and usability in alignment with recognized standards and best practices.

Conformance Status

WhyTry strives to meet the requirements of the **Web Content Accessibility Guidelines (WCAG) 2.2 Level A and Level AA** and the **Revised Section 508 Standards**. These guidelines help ensure content is accessible to individuals with diverse abilities, including users relying on assistive technology.

Our most recent Accessibility Conformance Report (VPAT) documents the current level of conformance across the WhyTry website, electronic documents, multimedia, and support resources. This report was updated in alignment with **WCAG 2.2** to reflect the most current accessibility expectations for educational technologies.

Measures to Support Accessibility

To support ongoing accessibility, WhyTry has implemented the following measures:
• Regular evaluation of web content using automated tools and manual testing
• Semantic structure and ARIA labeling across navigation and interactive components
• Captioning for prerecorded video content
• Consistent design patterns, headings, and labeling
• Commitment to continuous improvement based on user feedback

Areas of Ongoing Improvement

Certain visual components in our curriculum rely on metaphors and imagery that may not be fully accessible to users without vision. Some non-text contrast elements and focus indicators are also scheduled for enhancement in future updates.

We are actively working to increase accessibility in these areas while preserving the core instructional integrity of our program.

Feedback and Accessibility Support

We welcome feedback on accessibility and are committed to resolving identified issues. If you encounter any barriers, need materials in an alternate format, or would like to request additional accommodations, please contact us:

END OF SECTION C (TABLE 2 — WCAG AA)

Revised Section 508 Report (Updated for WCAG 2.2 Version)

Chapter 3: Functional Performance Criteria (FPC)
 Notes: These criteria address the overall accessibility of the product for users with specific functional limitations.

302.1 Without Vision
 Conformance Level: Does Not Support
 Remarks and Explanations:
 The WhyTry Program relies heavily on visual metaphors and illustrations that require user vision for comprehension. Equivalent non-visual alternatives are not currently available.

302.2 With Limited Vision
 Conformance Level: Does Not Support
 Remarks and Explanations:
 Because the WhyTry Program's curriculum depends on interpreting visual metaphors, full visual perception is required. Users with significantly limited vision may be unable to fully access or understand the content.

302.3 Without Perception of Color
 Conformance Level: Supports
 Remarks and Explanations:
 Color is decorative and not used as the sole means of conveying information. The interface and instructional content do not rely on color perception for operation or understanding.

302.4 Without Hearing
 Conformance Level: Supports
 Remarks and Explanations:
 Most WhyTry content does not require hearing. Video content with spoken audio includes captions. Any audio elements have supporting text.

302.5 With Limited Hearing
 Conformance Level: Supports
 Remarks and Explanations:
 Audio is not required for the majority of interactions. Where audio is used, captions or text alternatives are provided.

302.6 Without Speech
 Conformance Level: Supports
 Remarks and Explanations:
 Speech is not used as a method of control, input, or navigation for the WhyTry Program.

302.7 With Limited Manipulation
 Conformance Level: Supports
 Remarks and Explanations:
 All interactions can be completed using standard keyboard and pointer controls. Fine motor precision is not required.

302.8 With Limited Reach and Strength
 Conformance Level: Supports
 Remarks and Explanations:
 No controls require complex or forceful interactions. Standard keyboard and mouse/touch inputs are sufficient.

302.9 With Limited Language, Cognitive, and Learning Abilities
 Conformance Level: Does Not Support
 Remarks and Explanations:
 The program is designed for educator use and assumes a standard level of cognitive and language ability to interpret instructional content and metaphors.

Chapter 4: Hardware
 Notes: Not applicable — the WhyTry Program does not include hardware products.

Chapter 5: Software
 Notes: Not applicable — the WhyTry Program does not include standalone software products.

Chapter 6: Support Documentation and Services

601.1 Scope
 Heading cell — no response required.

602 Support Documentation
 Heading cell — no response required.

602.2 Accessibility and Compatibility Features
 Conformance Level: Does Not Support
 Remarks and Explanations:
 Support documentation does not list or describe accessibility features. Most accessibility functionalities are provided through standard web browser capabilities rather than product-specific features.

602.3 Electronic Support Documentation
 Conformance Level: See WCAG 2.x Section
 Remarks and Explanations:
 Accessibility of electronic support documentation is addressed within the WCAG 2.x conformance tables.

602.4 Alternate Formats for Non-Electronic Support Documentation
 Conformance Level: Supports
 Remarks and Explanations:
 Support materials are available in electronic format, and alternate formats are provided on request when needed.

603 Support Services

603.2 Information on Accessibility and Compatibility Features
 Conformance Level: Supports
 Remarks and Explanations:
 The support team can provide information on relevant accessibility features upon request.

603.3 Accommodation of Communication Needs
 Conformance Level: Supports
 Remarks and Explanations:
 Support services offer referral to an appropriate point of contact for users requiring communication accommodations.
